

# DELIVERING MEALS, DRINKS, TREATS AND PPE TO FRONTLINE HEROES AND THOSE IN NEED!

“We have always been true believers in the power of the human spirit. Community support is more important than ever, and we have never doubted the impact of a delicious meal in uplifting spirits. For as long as necessary, we will keep this positive momentum going and continue to applaud the courage of our frontline brothers and sisters. You should come join us sometime on a California Love Drop!!!”

“Why do we bring burritos to frontline heroes who keep us safe? An OC Police Chief recently told us that our visit was the first act of kindness they'd received in more than 2 months!!! I got goosebumps that day...standing in front of his badge, with his heart and words so filled with gratitude!!! Thank you Wing! We're alive in the moment, near that magic intersection where fulfillment meets impact!”
